Operational Closure of Cross Border Xpress for RiseUp AS ONE Concert

Travelers Advised To Allow Extra Travel Time If Using CBX During Concert Hours

SAN DIEGO (October 11, 2016) - Cross Border Xpress (CBX) will be the host venue for the exciting concert entitled 'RiseUp AS ONE.' Presented in collaboration between Univision and Fusion together with Sprint, the concert will be held on the grounds of the Cross Border Xpress facility on Saturday, October 15, 2016 and will feature a lineup of award-winning artists from around the world. The CBX Terminal will remain open but the bridge will be closed to cross border traffic for operational reasons from 10:00 a.m. October 15th to 2:00 a.m. October 16th.

Attention Arriving and Departing Passengers

While the CBX pedestrian bridge will be closed, the CBX Terminal will remain open to facilitate check-in for passengers, returning passengers collecting parked vehicles and passenger pickup and drop-off. Shuttles will be provided between the Otay Mesa Border Crossing and CBX Terminal and between the Tijuana International Airport (TIJ) and the Otay Mesa Border Crossing. CBX passengers will be required to walk across the border at Otay Mesa. Passengers proceeding southbound to Mexico for flights departing from TIJ are advised to arrive at CBX a minimum of three hours in advance of their flight to facilitate check-in and shuttle transfer to Otay Mesa. All passengers must either have a boarding pass or flight confirmation to access the Cross Border Xpress Terminal and shuttle system. The San Ysidro Border Crossing also remains available to passengers not wishing to use the shuttle transfer from CBX to Otay Mesa.
