**MORE INFORMATION**
Senate Bill 14 enacts the Higher Education Facilities Bond Act of 2020, which places an $8 billion bond before voters at the March, 2020, statewide primary election ballot. The measure creates the 2020 Higher Education Capital Outlay Bond Fund, and requires that all bond proceeds be deposited in the Fund. The measure creates a finance committee to administer the bond, consisting of the Treasurer as Chair, the Governor, the Controller, the Director of Finance, the President of the University of California, the Chancellor of the California State University, and the Chancellor of the California Community Colleges, or their designees.

The bill provides that bonds can only be sold to fund apportionments expressly authorized by the Legislature in the Budget Act, and requires that one-half of the total amount of bonds must be designated for the UC and the Hastings College of the Law, and the other half for CSU. The bill authorizes the Committee to create debts and liabilities on behalf of the state for the purposes of funding aid to UC, CSU, and the Hastings College of the Law for the construction, reconstruction, and remodeling of existing or new facilities authorized in the Budget Act.
