CKYFS Magazine was created to celebrate *Legacy, Resilience, and Power*—three pillars that define both personal growth and community strength. Founded by U.S. Navy veteran and tax professional **Jane 周國玉 (Jane Chou)**, the magazine operates under her company, **CKYFS Inc.**, and is committed to building bridges across cultures through authentic storytelling.

Unlike most business publications, **CKYFS Magazine is multilingual**. Each article is presented in the language of its speaker—English, Mandarin, Spanish, or others—to preserve cultural voice and meaning. This approach allows every contributor to speak in their own tone, creating genuine connection and representation that transcends translation.

The inaugural issue, **Origins**, debuts in **December 2025**, featuring inspiring profiles of entrepreneurs, veterans, and community leaders who have transformed challenges into opportunity. Readers will find stories of perseverance, heritage, and empowerment—echoing the diverse heartbeat of San Diego and beyond.

Through CKYFS Inc., Jane has served individuals and small businesses for more than 17 years, providing financial and business advisory services grounded in integrity and accountability. CKYFS Magazine extends that same mission into media—empowering others to share their journeys and shaping a legacy of truth and inclusion.
